

WE are the future

in reproductive medicine.

JONES FOUNDATION
FOR REPRODUCTIVE MEDICINE

Leading tomorrow's
advancements
in reproductive
medicine, but we
need your support
to continue!

1 in 5

married couples in the U.S. experience infertility when trying to have their first child.

WE are reshaping the future of reproductive medicine by sponsoring translational research initiatives, educational programs, and ethical workshops and discussions.

The Chronicle of Philanthropy has published our recent article on in vitro fertilization (IVF) written by Georgeanna Jones Klingensmith, MD. **Read inside!**

Our focus.

Translational Initiatives.

- Bridging the gap between scientific discoveries and practical clinical applications.
- Our rigorous research, new insights and innovative approaches enhance the quality of care and improve outcomes for individuals and couples seeking reproductive medical assistance.

Educational or Outcomes Research.

Over the past 40 years, the Foundation has been the sponsor of numerous lectureships, forums, and workshops focused on reproductive medicine education, ethical considerations, and new or proposed research in this field.

Current educational endeavors include:

- Originator and Sponsor of Jones Rounds
- Sponsor of the Jones Foundation Infertility Counseling Conference
- Funding for a large comprehensive Outcomes Research project at Johns Hopkins University of Medicine

9.7 million

American women experienced difficulty having children.

Your help.

The Jones Foundation firmly believes in the power of research, innovative ideas, and cutting-edge concepts that aim to optimize the diagnosis and treatment of reproductive disorders and infertility, both in the present and in the future. However, we still require your assistance to continue our important work.

Your generosity helps make scientific breakthroughs possible. Become part of our community of supporters today.

PLEASE CONSIDER GIVING.

Make your donation today.

Please fill out the enclosed envelope and return it today.
